

Team Expectations Agreement

We all show equal commitment to our objective.

We all take part in deciding how work should be allocated.

We are committed to helping each other learn.

We acknowledge good contributions from team members.

We handle disagreements and conflicts constructively within the team.

We are able to give constructive criticism to one another and to accept it ourselves.

When one of us is under pressure, others offer to help him or her.

In addition:

- We will use email and discord for communication within the team
- Communication response times should be as quick as possible and not exceed 1 business day
- All meetings are scheduled on discord channel. All team members must be present and ready to collaborate
- Most of the meetings will be run online (discord voice and video call). This is a subject to change once university re-opens for in-person classes
- We use GitHub for version control and Jira for ticket submission
- We discuss issues together and make final decisions together
- Before submitting the assignment, we will hold a meeting and make sure everyone agrees before submitting

By signing this document, we hereby to follow these requirements and to fulfill them.
